

SERVICE DIRECTOR

Fisheye Newsletter

In this issue:

- Discover the benefits of Service Director

What is it?

Service director is a powerful yet easy to use tool which fully integrates with our CRM and remote systems, which makes life easier both for you as a user and us.

Use it now!

Alternatives such as emails and phoning exist but SD is better cause...

(How clients can do other things after quickly logging a ticket/job unlike phone calls)

(Details such as IP address and machine name automatically inputted will not need to look for/ provide)

Clients able to multitask and can continue working after logging simple jobs on SD

....

*“Help us Help
you!*

*Use Service
Director!”*
